

Sant Gadge Baba Amrawati University, Amrawati

Swavalambi Shikshan Sanstha's, Wani.

Sushganga Institute of Management, Wani.

Course:- Bachelor of Computer Application

Semester:- I Semester

Institute code:- 924

DTE Code:- 1339

Duration:- 3 HRS

Marks:- 60 Marks

Subject:- Object Oriented Programming Using Java

Subject Code:- 101SEC102

Question 1. Answer the following questions. (Any Two)

(6 Marks Each)

- A. What is JVM ? Explain its components
- B. Explain data types in Java with suitable example

(OR)

- C. Explain Logical and Relational operator in C with suitable example.
- D. Explain in detail structure initialization with suitable syntax and example.

Question 2. Answer the following questions. (Any Two)

(6 Marks Each)

- A. Explain Unformatted I/O Function any Three with suitable example.
- B. Explain while and do...while with suitable example.

(OR)

- C. Explain String with any four String functions with suitable example.
- D. Write a program in C to addition of Array with output.

Question 3. Answer the following questions. (Any Three)

(12 Marks)

- A. Write a program in C to find factorial.
- B. Write a program in C to find greatest number.
- C. What is Pointer declaration and initialization?
- D. Explain Control Structures any two.

Question 3. Answer the following questions. (Any Four)

(16 Marks)

- A. Difference between overloading and overriding
- B. Explain method declaration and method calling

- C. Explain One Dimensional Array with suitable example.
- D. Explain constructor overloading with suitable example.
- E. Explain compile-time polymorphism and runtime polymorphism

Question 3. Answer the following questions. (Any Two)

(8 Marks)

- A. Explain packages in Java
- B. Explain try-catch block with suitable example.
- C. Write a Java program for swapping two numbers.
- D. Write a Java program to check whether a number is even or odd.
